

HR assignment round

1. What is work life balance?

I should spend as much time with my family as I am spending for my work. It should not happen like that I don't spending time with my family because of work.

2. What does a perfect day look like?

Wake up in the morning and plan whole day. By end of day, I will try to complete at least 80% of the planned work. At night I take dinner with my family and spend some time with family and friends.

3. What does work mean to you?

For me, work is something like that I enjoy to doing and I can support my family by doing it.

4. Give an example from your life where you defied pressure from your family or closed ones to do something which was right according to you.

After my 10th board result, my parents wanted to I studied 11th-12th science but I don't want to do that. I want to study Diploma engineering. In that also my father suggested to I do Civil engineering because of my father is in construction field but I wanted to do computer engineering. I got admission in Diploma engineering college. I choose Information Technology field. Now I am Software developer and my parents are proud on that.

5. What is your biggest fear?

I attached with something easily and I fear to lose that thing.

6. What are your hobbies and interests, and to what extent have you accomplished them?

I like to play cricket. Even now I play cricket with my friends. I am foodie so I tried new dishes. In my 6th sem of bachelor's I knew what I wanted to be. I wanted to become Software Developer. I joined one coaching class, get 6 months of training in Android application development and become Android developer.

7. Provide an example of resilience from your life. Share the work you have undertaken despite facing constant setbacks.

In March 2018, my father had heart operation. In same month our college organize Techfest. I am coordinator of my department's technical event. My father's operation was in March first week and Techfest in second week. Operation took 4 hours to complete. After operation I was first person to see my father. I never saw my father in this situation. My father was in ventilator, a long cut on my father chest. Many pips are come from chest. In this situation also My father tell me Are you alright?. I can't control my tears. After seeing all the things I come back to college, I managed my event nicely. That is every tough situation for me and my family.

8. What movies have you seen recently? Share your insights and review

Recently I saw Crakk movie. This movie story is there are 2 brothers. both are fighter. Elder brother take participate in illegal competition. Unfortunately, elder brother dies in this competition. after that younger brother took participate in that competition and take revenge from competition host. The movie was nice, stunt perform by actors is awesome.

9. Are you aware about climate change crisis? In your view what is the fundamental reason behind it and how it can averted.

Yes, I am aware about climate change crisis. There are many reasons but cutting forest, pollution are the main reason behind this. In present time anyone not want to tree beside their house. anyone not wants to travel in public transport including me also. People needs to know that if nature is alive, we are alive. To keep nature alive, we need to plant trees, use maximum our public transport, produce minimum waste, develop waste manage system, recycle waste, minimum usage of plastic products, clean our sea, rivers.

10. What are your views on veganism? Are you a vegan?

No, I am not vegan. I don't have too much knowledge about vegan. Vegan means their only eat vegetables, fruits and nuts. Them don't eat any food that come from animals like eggs, milk, curd etc. Veganism is their choice according to me. Many people become vegetarian from non-vegetarian. That is good but I feel veganism is not good. Because human body need vitamin, fibre, calcium to grow.
